

Silly Putty Recipe

. This will bounce and pick up pictures from the paper just like the name-brand stuff.

Add: 1/2 cup water to 1/2 cup [Elmer's glue](#) (Not School Glue!)

Mix and add 3 drops of [food coloring](#) (optional)

Make [Borax](#) solution: Take 2 tablespoons borax (You can buy this at a grocery store or [online](#)) and add to 1 cup of water and stir.

Add 1/2 cup of [Borax](#) solution to water and glue mixture

Stir and store in a plastic bag

Mix well. Add food coloring if you wish. Let it dry about an hour. When ready, it will be smooth and rubber-like. Store in an airtight container.
