Report on the Financial Statements

We have audited the accompanying financial statements of Southern Oregon Child & Family Council, Inc. (a nonprofit organization), which comprise the statement of financial position as of October 31, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southern Oregon Child & Family Council, Inc. as of October 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States.

Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Such information is the responsibility of management and the prior year expenses were derived from and relate directly to the underlying accounting and other records used to prepare the October 31, 2015, financial statements. Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies

Nature of Operations

Southern Oregon Child & Family Council, Inc. (the "Organization") is an Oregon private, not-for-profit that operates twenty-five head start and early head start programs throughout Jackson and Josephine Counties, a Listo program in Jackson County, and The Family Connection Program in Jackson and Josephine Counties. The Organization's goals are to include effective delivery of comprehensive health, educational, nutritional, social and other services to economically (or otherwise) disadvantaged children and their families.

The Organization is primarily supported through federal and state government grants, with approximately 47% of the Organization's grant revenue being earned from the Department of Health and Human Services and 44% of the Organization's grant revenue being earned from the State of Oregon Department of Education.

Basis of Presentation

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Classification of Net Assets

Net assets and revenue, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted Net Assets - Net assets that are not subject to donor-imposed stipulations or where donor-imposed stipulations are met in the year of the contribution.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that may or may not be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are transferred to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes. Currently, the Organization does not have any permanently restricted net assets.

Use of Estimates

The preparation of financial statements, in accordance with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Southern Oregon Child & Family Council, Inc.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

In-Kind Contributions

The Organization has recorded in-kind contributions for professional services and materials in the statement of activities in accordance with accounting standards. Standards require that only contributions of services received that create or enhance a nonfinancial asset or require specialized skill by the individual possessing those skills and would typically need to be purchased if not provided by donation be recorded. The requirements of accounting standards are different than the in-kind requirements of the Organization's grant awards. The Organization received contributions of nonprofessional volunteers during the year with a value of \$822,488 primarily for its Head Start program, which are not recorded in the statement of activities.

Revenue Recognition

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and nature of any donor restrictions. When a restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as released from restrictions.

Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Grants are either recorded as contributions or exchange transactions based on criteria contained in the grant award.

A. Grant Awards That Are Contributions

Grants that qualify as contributions are recorded as invoiced to the funding sources. Revenue is recognized in the accounting period when the related allowable expenses are incurred. Amounts received in excess of expenses are reflected as grant funds received in advance.

B. Grant Awards That Are Exchange Transactions

Exchange transactions reimburse based on a predetermined rate for services performed. The revenue is recognized in the period the service is performed.

Cash and Cash Equivalents

The Organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Southern Oregon Child & Family Council, Inc.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Investments

Marketable securities are carried at fair value. The fair value of the investments is generally determined by references to quoted market prices. Investments consist of fixed income mutual funds and equity mutual funds. Investment income, gains and losses, and any investment-related expenses are recorded as changes in unrestricted net assets in the statement of activities unless their use is temporarily or permanently restricted by explicit donor stipulations or law.

Fair Value Measurements

The Organizations measure the fair value of its investments using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organizations have the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Property and Equipment

Property and equipment are recorded at cost and depreciated using the straight-line method over the estimated useful life of the asset. The Organization considers items with a cost greater than \$5,000 and a useful life greater than one year to be property and equipment.

Property and equipment purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the property and equipment purchased with grant funds. Its disposition, as well as the ownership of any proceeds therefrom, is subject to funding source regulations. The net book value of grant-funded property and equipment is \$4,362,820, at October 31, 2016.

Southern Oregon Child & Family Council, Inc.

Notes to Financial Statements

Note 1: Summary of Significant Accounting Policies (Continued)

Income Taxes

The Organization is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. They are also exempt from Oregon franchise or income tax.

The Organization is required to assess whether it is more likely than not that a tax position will be sustained upon examination on the technical merits of the position assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more likely than not recognition threshold, the benefit of that position is not recognized in the financial statements. The Organization has determined there are no amounts to record as assets or liabilities related to uncertain tax positions.

Subsequent Events

Subsequent events have been evaluated through July 21, 2017, which is the date the financial statements were available to be issued.

Note 2: Concentrations

The Organization maintains cash balances at one financial institution which is insured by Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At times cash balances may exceed FDIC limits. All deposits in excess of federal depository insurance are secured under ORS 295, the Public Funds Collateralization Program. The Treasurer of the state of Oregon is the responsible official concerning all matters relating to collateral coverage. Management believes the financial institution has strong credit ratings and credit risk related to these deposits is minimal.

Note 3: Investments and Fair Value Measurements

The Organization uses a fair value hierarchy that includes three levels of inputs to be used to measure fair value. The Organization has determined that the fair value for the investments are Level 1 financial instruments. Quotes from pricing vendors based on recent trading activity and other observable market data were used in making this determination. The Organization does not have any financial instruments valued using Level 2 or 3 inputs.

Investments consist of the following at October 31, 2016:

	<u>Fair Value Measurements Using</u>			<u>Total Assets at Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds:				
Growth funds	\$ 41,939	\$ 0	\$ 0	\$ 41,939
Stock funds	81,171	0	0	81,171
Bond funds	36,978	0	0	36,978
<u>Total investments</u>	<u>\$ 160,088</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 160,088</u>

The Organization does not have any liabilities measured at fair value on a recurring basis nor any assets or liabilities measured at fair value on a nonrecurring basis.

Southern Oregon Child & Family Council, Inc.

Notes to Financial Statements

Note 3: Investments and Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters

Board of Directors
Southern Oregon Child & Family Council, Inc.
Central Point, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Southern Oregon Child & Family Council, Inc., which comprise the statement of financial position as of October 31, 2016, and the related statements of activities and cash flows for the year then ended and the related notes to the financial statements, and have issued our report thereon dated July 21, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Southern Oregon Child & Family Council, Inc.'s internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southern Oregon Child & Family Council, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southern Oregon Child & Family Council, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern Oregon Child & Family Council, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of Southern Oregon Child & Family Council, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and in considering Southern Oregon Child & Family Council, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for the Major Federal Program and on Internal Control Over Compliance

Board of Directors
Southern Oregon Child & Family Council, Inc.
Central Point, Oregon

Report on Compliance for the Major Federal Program

We have audited Southern Oregon Child & Family Council, Inc.'s compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended October 31, 2016. Southern Oregon Child & Family Council, Inc.'s major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility for Compliance

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for Southern Oregon Child & Family Council, Inc.'s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern Oregon Child & Family Council, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination on Southern Oregon Child & Family Council, Inc.'s compliance.

Opinion

In our opinion, Southern Oregon Child & Family Council, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended October 31, 2016.

Report on Internal Control Over Compliance

Management of Southern Oregon Child & Family Council, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern Oregon Child & Family Council, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern Oregon Child & Family Council, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
