

Step-by-Step to complete the Vaccine Education Certificate (VECC) videos for Non-Medical Exemption for vaccinations

This guide should help you understand the process and help you answer questions parents may have about getting their VECC.

This is the link to the OHA website where the Exemption videos are, they will look under Option 1 and choose which language they want to watch the video in.

<https://www.oregon.gov/OHA/PH/PreventionWellness/VaccinesImmunization/GettingImmunized/Pages/non-medical-exemption.aspx>

Nonmedical Vaccine Exemptions

There are two ways to claim a nonmedical vaccine exemption in Oregon.

Option 1

Watch an online vaccine education module and submit a certificate of completion.

Option 2

Talk to a health care provider and have them sign a Vaccine Education Certificate.

IMPORTANT! Read before you start the module:

To protect your privacy, we do not store any information. For this reason, you will need to start over if you close the module before you are finished.

- Allow 15 to 60 minutes to finish this module. The amount of time depends on the number of vaccines for which you are getting an exemption.
- If you need to take a break, leave the module window open.
- When you reach the end, make sure you print, save, or take a screenshot or picture of your Vaccine Education Certificate before leaving that screen. You

Parents / Guardians

- After talking with your health care provider, s/he can give you a signed Vaccine Education Certificate.
- Fill out the nonmedical exemption section of the [Certificate of Immunization Status form \(pdf\)](#).
- Turn in both forms to your child's school or child care.

[Parent Vaccine Education Certificate](#)

College Students

After talking with your health care provider, s/he can give you a signed Vaccine Education Certificate.

[College Vaccine Education Certificate](#)

Parents / Guardians

- Watch the Vaccine Education Module for children in child care, preschool, or K-12 and print out the Vaccine Education Certificate at the end of the module.
- Fill out the nonmedical exemption section of the [Certificate of Immunization Status form \(pdf\)](#).
- Turn in both forms to your child's school or child care.

Vaccine Education Module

English Spanish Russian

Once they click on the language, a new window or tab will open, and they will play the introduction.

It's best to watch all at once for all imm's they want to exempt from. They will have to watch the whole intro each time they come back to watch a video for an imm- and that alone is about 15 minutes. Plan 10-15 minutes for each additional immunization they will watch the video for.

If you leave the videos your progress will be lost and you will have to start them all over.

CLICK HERE TO BEGIN

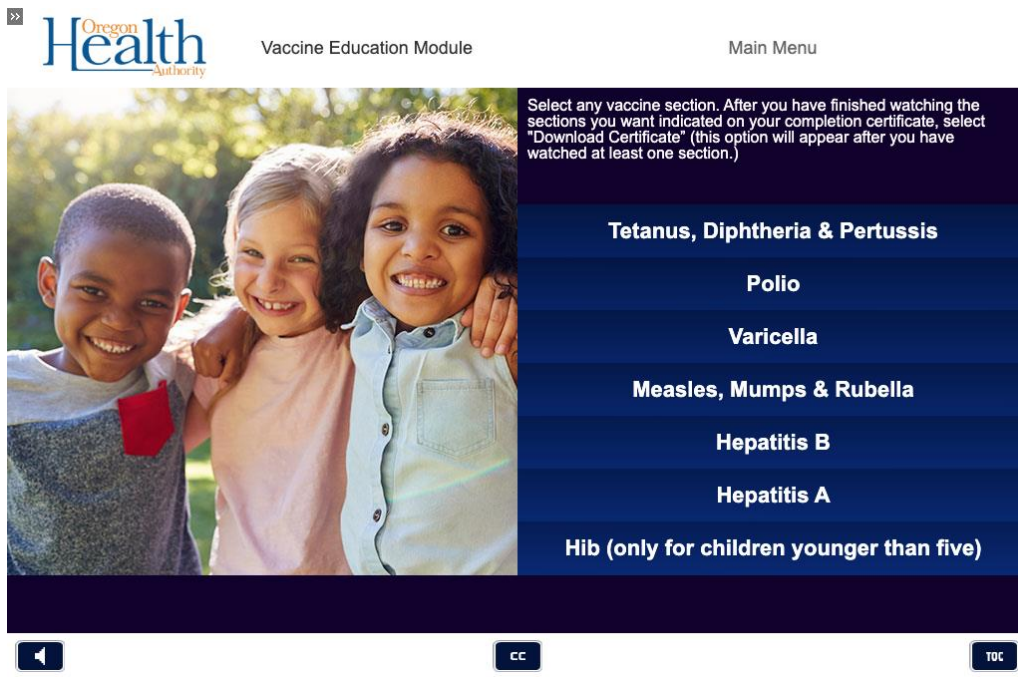

Once they have completed the introduction, they will be able to click on 'Additional Resources', or click "Next" which will take them to the main menu.

You have completed the introduction section of this module. For additional information about how vaccines work, vaccine-specific ingredients, vaccine safety studies, and more, please click the link shown on screen.

[Additional Resources](#)

vaccine-specific ingredients, vaccine safety studies, [NEXT](#)

This is where they choose where to start. If they only want to exempt from one immunization, they only need to click on that immunization's name. If they want to exempt from multiple, they select one to start and will come back to this menu when each video ends.

In the image below, the person has selected to watch the Polio exemption video. At this point, they can download the certificate and send that in, or they can select to watch another video.

If they are done, they click here to download the certificate,

If not, they click the next video they want to watch.

Oregon Health Authority Vaccine Education Module Main Menu

Select any vaccine section. After you have finished watching the sections you want indicated on your completion certificate, select "Download Certificate" (this option will appear after you have watched at least one section.)

- Tetanus, Diphtheria & Pertussis
- Polio
- Varicella
- Measles, Mumps & Rubella
- Hepatitis B
- Hepatitis A
- Hib (only for children younger than five)

Download Certificate

Completed videos will be green, unwatched videos will remain blue.

In this example, the parent only wants to exempt their child from Polio and Varicella. They will be required to be up to date by exemption day on the remainder of the required immunizations.

Vaccine Education Certificate

Date of Completion: 1-25-2021

Parent/Guardian Name: Test Test

Child's Name: _____ Date of Birth: _____

Vaccination Areas Reviewed:
 Polio
 Varicella

The person named above has completed the vaccine education module approved by the Oregon Health Authority pursuant to rules adopted under ORS 433.273, for the vaccine-preventable diseases listed above.

Directions for claiming a nonmedical exemption with this certificate:

1. Write your child's name and date of birth on the line above.
2. Turn in this certificate to your child's school or childcare facility.
3. Fill out and sign the Nonmedical Exemption section of your child's Certificate of Immunization Status (CIS) at the school or child care facility. You may decline one or more of the vaccinations listed above. On the CIS, be sure to check each vaccine for which you are exempting your child.

Optional: ORS 433.267 states that this document may include the reason for declining the immunization. Immunization is being declined because of:

Religious belief
 Philosophical belief
 Other

Oregon Health Authority

The parent will be prompted to type their name at the end, the child's name will be handwritten or added later.

The immunizations the child is exempt from are listed here. If there is one missing, they will need to go back and complete the video for that immunization.

They can mark their reason for exempting if they want. It is an optional question.

This is the screen to enter the parent/guardian's name and on the right shows what immunizations will appear on the certificate.

They will enter their name, then click 'download certificate'

This screen appears after they click 'Download Certificate' They can either return to the main menu and watch more videos, or they can exit the module.

certificate download frequently asked questions. Thank you for viewing the vaccine education module. For more information, view these [additional resources](#). We welcome your feedback; [please take our optional survey](#). You can exit now or return to the main menu if you would like to view additional sections.' At the bottom of the screen are two green buttons: 'MAIN MENU' on the left and 'EXIT' on the right."/>

The Certificate will be downloaded and found wherever they save their downloads on their computer. It may appear on the bottom of their web browser to click on, or in their downloads folders.

This is what the menu will look like when all videos have been viewed (they will all be green instead of the dark blue).

The screenshot shows the Oregon Health Authority Vaccine Education Module interface. At the top left is the Oregon Health Authority logo. To its right are the links "Vaccine Education Module" and "Main Menu". Below the logo is a photograph of three smiling children. To the right of the photo is a dark blue box with white text: "Select any vaccine section. After you have finished watching the sections you want indicated on your completion certificate, select 'Download Certificate' (this option will appear after you have watched at least one section.)". Below this box is a vertical list of vaccine sections: "Tetanus, Diphtheria & Pertussis", "Polio", "Varicella", "Measles, Mumps & Rubella", "Hepatitis B", "Hepatitis A", and "Hib (only for children younger than five)". At the bottom of this list is a green button labeled "Download Certificate". At the very bottom of the page are three small navigation icons: a left arrow, "CC", and "TOC".

All videos have been viewed, below shows they will all appear on the certificate.

The screenshot shows the Oregon Health Authority Vaccine Education Module interface after completion. At the top left is the Oregon Health Authority logo. To its right are the links "Vaccine Education Module" and "Download Certificate". Below the logo is a dark blue box with white text: "Welcome back Test Test. Click the button below to download your certificate of completion." Below this box is a green button labeled "Download Certificate". To the right of the box is a dark blue box with white text: "You have completed the following sections:". Below this box is a vertical list of vaccine sections, each preceded by a bullet point: "Tetanus, Diphtheria & Pertussis", "Polio", "Varicella", "Measles, Mumps & Rubella", "Hepatitis B", "Hepatitis A", and "Hib (only for children younger than five)". At the very bottom of the page are three small navigation icons: a left arrow, "CC", and "TOC".

Below is what the certificate looks like when all videos have been completed. The below child will be exempt from all immunizations.

The Certificate will be downloaded and found wherever they save their downloads on their computer. It may appear on the bottom of their web browser to click on, or in their downloads folders.

Vaccine Education Certificate

Date of Completion: 1-25-2021

Parent/Guardian Name: Test Test

Polio
Varicella
Measles, Mumps & Rubella
Hepatitis B
Hepatitis A
Hib

There are options for getting the child's name on the certificate:

1. Parent prints certificate and handwrites child's name & birthday, then takes a picture and sends to center (or bring to center), center will then scan and email to Chalesa Duewall
2. The parent has a program that allows them to type their child's name and birthday before sending into center staff, center will then send to Chalesa Duewall
3. If staff have ability to type the child's name before sending to Chalesa Duewall
4. Staff print out and handwrite child's name and birthday, then scan and email to Chalesa Duewall
5. Staff send the VECC to Chalesa Duewall with child name and birthday, she will add to certificate.

VECC on Mobile Device

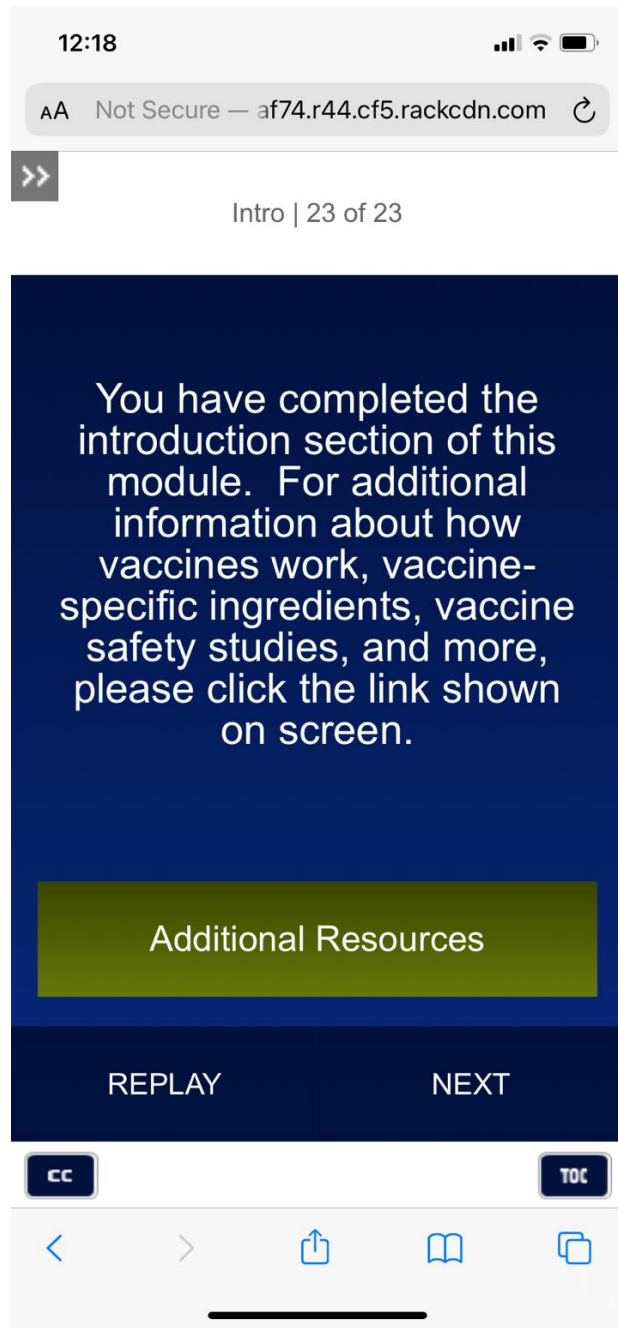

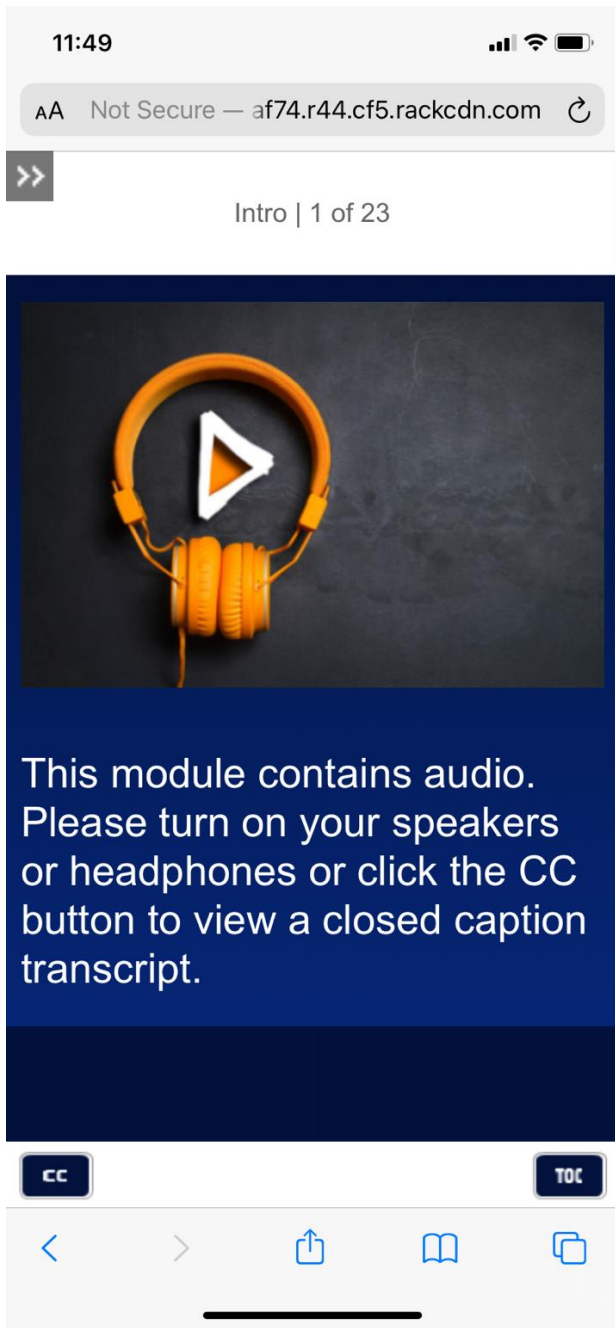

Works very similar to above process, (this was completed on an iPhone, but items are the same, except for the download section- info is added for Android devices)

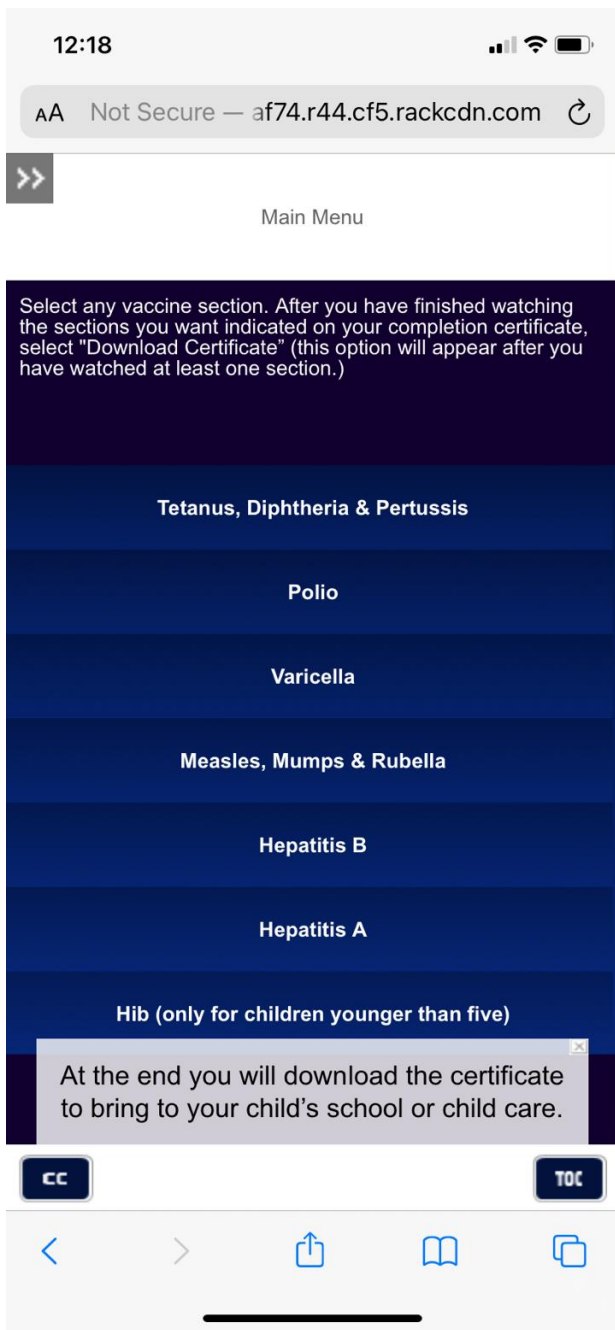

Parents / Guardians

1. Watch the Vaccine Education Module for children in child care, preschool, or K-12 and print out the Vaccine Education Certificate at the end of the module.
2. Fill out the nonmedical exemption section of the [Certificate of Immunization Status form](#) (pdf).
3. Turn in both forms to your child's school or child care.

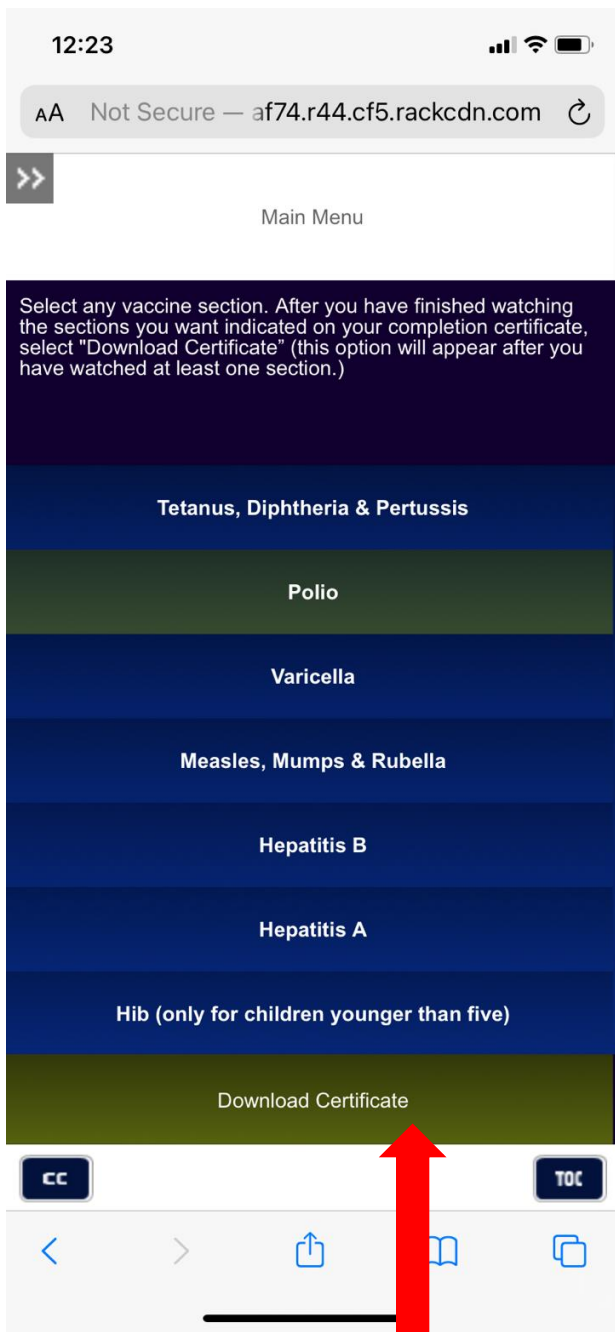

The introduction gives the instructions, and once completed will have the option to click for 'Additional Resources' or click 'Next' to take them to the main menu.

The main menu allows them to choose which video to watch, blue is unwatched, green is videos that have been viewed.

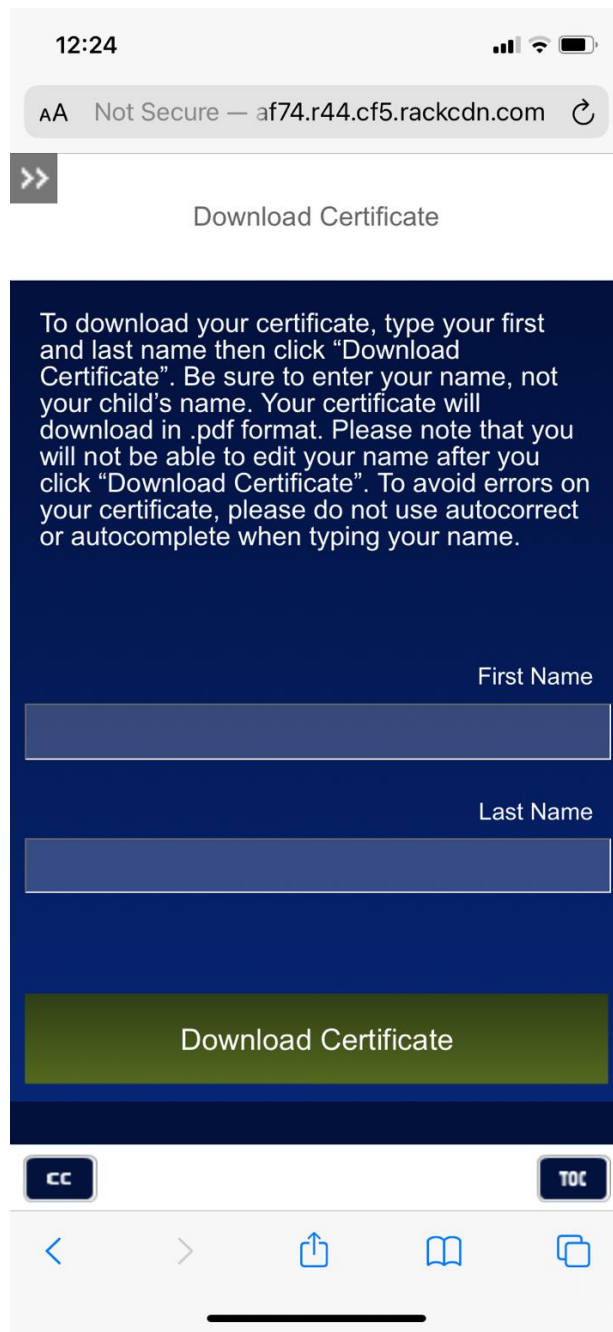

After they complete the individual immunization video, in this case – Polio, they can get additional resources, or they can click ‘next’ to return to the main menu.

The main menu allows them to choose which video to watch, blue is unwatched, green is videos that have been viewed.

Once they have completed the videos they need to watch, they can click 'Download Certificate'

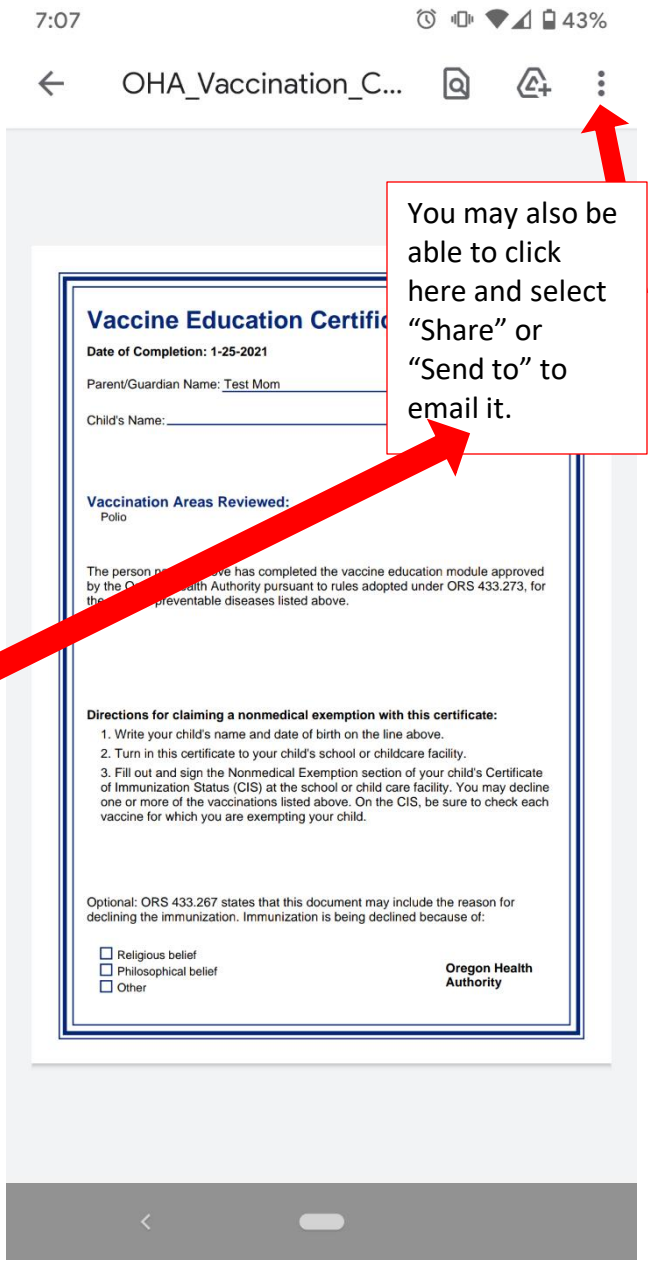

This screen is a little different, it does not show them what immunizations will appear on the certificate. They are only prompted to enter the parent/guardian's name.

The certificate will show up on their phone, they can either screenshot this and send it to you, or if they have the ability, they can email it directly to the center or themselves.

On an iPhone, if they tap this symbol, it will show the options they have. This is where they can send it in an email from this screen.

You may also be able to click here and select "Share" or "Send to" to email it.

On an Android it may be more similar to this (although all look different): Shows up as a Download notification, or can be found in the "Files" folder. You can then open and send it via email.
