# Pet Study at Merlin

The Merlin class got a classroom fish for their pet study. Everybody came up with names, and then our teacher helper drew the name Bubbles! In our small group activity, the class decorated their own pet fish and told us their pet fish name, age, and care instructions.

## CELEBRATING DR. SUESS WEEK AT MERLIN

The Merlin Head Start team had a great time celebrating Dr. Seuss week. Cook Rosa had fun projects every day. On crazy sock day, the children decorated sock shaped biscuits with yogurt, pineapple, and strawberry, and she also created Lorax muffins!

Step 3: Take a moment to savor victory before tossing into a garbage receptacle

# Celebrating a Birthday at Progress!

Submitted by: Heather Kent

Here at Progress, we like to celebrate each other and love when a birthday rolls around. This month, we got to celebrate Hilario Graciano, who has been with the agency for 17 years. The center sang Happy birthday, ate cake and gifted Hilario his own fancy fan like his site manager, Heather Kent. He even got to do a little bit of karaoke with his classroom team, Hazel Adams, Vanessa Hopf and Gabriella Jones.

# Progress Volunteer

Submitted by: Heather Kent

We are so blessed to have such an incredible parent volunteer here at Progress. Ron Turcios has been a Head Start parent for many years between all of his children, but this year was the first time he ever joined policy council and volunteered in the classroom. When I spoke to him this morning, he said "I love being here. I know some of these kids don't have positive male role models at home, so I like to help out and connect with all of the kids and support the teachers".

Ron spends 2+ hours in the Head Start classroom every day helping to wipe tables, sweep, sit with the children at breakfast, teach the kids and staff Spanish and other morning activities.

In this picture, Ron, along with teachers Diana Bordner and Julia Miller-Notestone, were encouraging the children to put up the class schedule and talk about our school rules.
