9-12) Family Day at GPHS 0-5

22) Happy Leap Day!

13-14) Lice Liberators Flyer

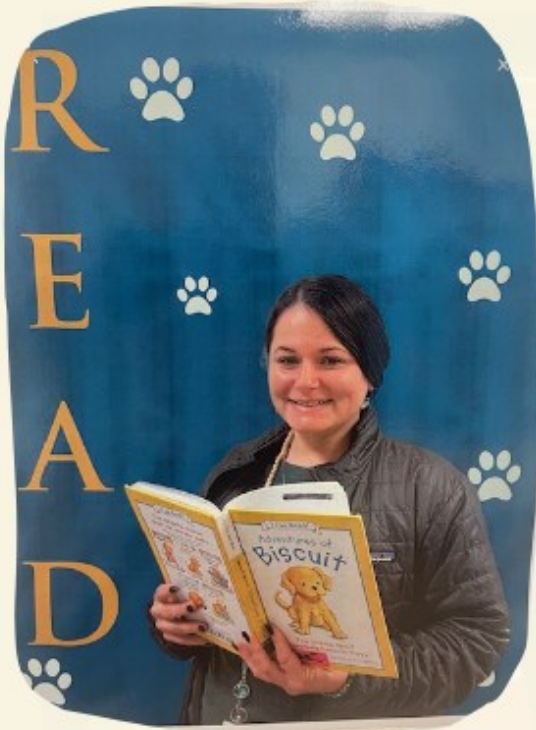

15-17) Mercy Flights visits Rogue River

# Reading Promotion

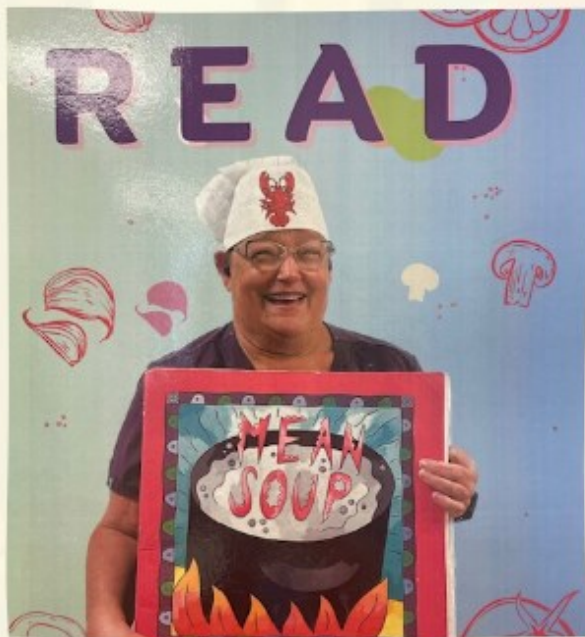

These photos are posted throughout the hallways of the Alan Berlin B building to encourage children to read. All of the building B staff joined in on the fun of reading photos! Kudos to Amber Weathers and Karen Wirth for their creativity in this fun reading promotion!

Family Day

Submitted by: Christina Head

# Family Day at GRANTSPASS HIGH SCHOOL 0-5

We had our Family Day focusing on friendships. Children collaged with their families, painted and sang friendship songs with our lovely Diana Lewis. Families lit the room with love singing with their children. Our cook team Greg and Elena also made heart shaped sandwiches and fruit parfaits.

## I Like You!

Tune of "Are You Sleeping"

**I Like You; I Like You!**

**Yes, I do; Yes, I do!**

**Friends are for sharing!**

**Friends are for caring!**

**I like you; I like you!**

**Be my friend; Be My Friend!**

**Will you Please; Will you please!**

**We can share together!**

**We can care together!**

**I like you; I like you!**

Safe. Chemical-free. Guaranteed.

The "Done in One" Head Lice Treatment Center

## TIPS TO HELP KEEP YOUR CHILD LICE-FREE

- ✓ Never share brushes, combs, hats, towels, helmets, pillows, sleeping bags, etc.
- ✓ Always keep hair up in a bun or braid and use repelling spray.
- ✓ Store jackets and backpacks, etc. in separate cubbies or in a sealed bag.
- ✓ Comb through child's hair EVERY WEEK with a good metal nit comb to remove possible nits or lice. Focus on nape of neck, behind ears and top of head.
- ✓ Watch for signs of itching and scratching.

## MYTHS ABOUT HEAD LICE

I'm a bad parent...

Absolutely not! This has nothing to do with personal hygiene or the cleanliness of your home.

Pets can get head lice...

Nope! Lice are a human parasite and require human blood only.

Head lice jump and fly...

Again, NO! Lice do not jump, neither do they have wings to fly with. They only crawl.

Everyone in the house must be treated...

Not quite! Everyone should be thoroughly checked (professionally if possible) but only those found to have lice or nits should be treated.

Head lice prefer long hair...

Not true. Lice do not care whether hair is short or long. They thrive in hair where they can reach their blood source through the scalp.

## PREVENTING REINFESTATION!

### #1 TIME-SAVING TIP...

If it's not dirty, Don't wash it. Throw it in the dryer on high heat for 30 minutes. If it can't tolerate the heat, bag it up and put it aside for 3 days.

### BEDDING/CLOTHING

Wash/dry all bedding and any clothing that has been worn within the last 3 days. Don't forget about coats and hats.

### FURNITURE/CAR

Leather/vinyl may be wiped clean. Upholstered furniture can be vacuumed. Household sprays are available but be sure to use one that is safe and non-toxic for the safety of your family and your furniture. Don't forget car seats!

### STUFFED ANIMALS

Stuffed animals can be put in the dryer on high heat for 30 min (if tolerated) or bagged up for 3 days.

### COMBS, BRUSHES & HAIR ACCESSORIES

Remove hair from brushes and combs and place in dishwasher. Hair bands and small items may be put in a small mesh laundry bag and run through the dishwasher as well. You may also put all items in a Ziploc bag in freezer for 24 hours.

# **Family Day**

## **AT PHOENIX!**

**Family Day for Phoenix!! For our Duration class, we had such a good turnout, they played with oobleck, made art with coffee filters, picture frames, chalk, etc. Cooker Emily made such amazing food, everyone kept coming back for 2nds and 3rds! For our OT class, everyone got a little messy but had fun with paint! We love their engagement.**
