ABC-C OT2  
BUTTERFLIES RELEASE  
MAY 2023

Our children were so intrigued by the butterflies this year. They loved watching the caterpillars cacoon up. They wanted to ensure they were fed, watered and checked on them daily. Saying see you later to the butterflies was a fun time for all of us.

# Not All Heroes Wear Capes!

"Today at the end of the day my two of my advocates were the last ones to leave when they were walking to their cars, they saw one of our EHS families trying to start their car. The Dad kept trying to turn on the car as it was not working, suddenly my 2 FA's, Paige and Diana saw flames come out from under the car. There was a good amount of fire flames, so Diana and Paige did not waste a single minute. Paige immediately ran back in the center to retrieve the fire extinguisher; she gave it to the Dad, and he started spraying the car. While Dad was trying to take out the fire Paige called me, I was just a block out when I turned back as I was driving back, I called the High school office, and they sent an officer over while they call the fire station.

We supported the family with a blanket to sit and a toy for the child while they were trying to figure out their next steps. I advised the Dad not to turn the car back on. The fire truck came, and the fireman checked under the car for any further danger. All was good and the families ride arrived to take the family home. The tow truck will come tomorrow to pick up the car. I talked to the High School staff, and they said they will replace our fire extinguisher by tomorrow morning. At the end, of the day the family and staff are safe thanks to our two brave amazing Staff not waiting a minute to help."
